12:15 pm	Adjourn		
Notes	<ul style="list-style-type: none"> <li>The Friends of NCBDDD <a href="https://friendsofncbddd.org/">https://friendsofncbddd.org/</a> is a coalition of government and private sector participants who work together to enhance the mission and activities of the <b>National Center on Birth Defects and Developmental Disabilities (NCBDDD)</b> <a href="https://www.cdc.gov/ncbddd/index.html">https://www.cdc.gov/ncbddd/index.html</a> in identifying the causes of birth defects, developmental disabilities and blood disorders in promoting child development; preventing birth defects and developmental disorders/disabilities; and enhancing the quality of life and preventing secondary conditions among people who are living with mental or physical disabilities, or a combination thereof.</li> <li>CDC, in partnership with the March of Dimes, launched <a href="#">Zika Care Connect</a>, a website that connects pregnant women and families affected by Zika to physicians across ten states who are able to provide specialty care. Zika Care Connect Focus Areas: California; Florida; Georgia; Maryland; New Jersey; New York; Puerto Rico; Texas; Virginia US Virgin Islands.</li> <li>Dear Zika Partners, As you may have seen, the House Energy and Commerce Oversight and Investigation will hold a hearing entitled “U.S. Public Health Response to the Zika Virus: Continuing Challenges” on this Tuesday, May 23. We’re hearing that it will focus on issues around diagnostics and vector control, but we do expect some discussion of vaccines and drug development. The Coalition will be submitting a letter on the need for ongoing funding and diligence in the fight against Zika. You can find more information, including a list of witnesses, <a href="#">HERE</a> and you can watch the hearing on Tuesday morning <a href="#">HERE</a>. We also wanted to pass on a new blog <a href="#">post</a> from CDC’s Dr. Margaret Honenin, Birth Defects Branch Chief with NCBDDD and Co-lead of the Pregnancy and Birth Defects Task Force with CDC’s Zika response. Entitled “<i>Zika and Pregnancy: Protecting Babies, Protecting Yourself</i>”, it describes the current data and the most up-to-date steps for prevention. Stay tuned for news from the hearing.</li> </ul> <p>Thanks,  Jaimie Vickery  <a href="mailto:jvickery@marchofdimes.org">jvickery@marchofdimes.org</a>  March of Dimes   1275 Mamaroneck Ave, White Plains, NY 10605</p>
